

Coaching Advantage[®] Certification Program Registration

Become a Master Coach

Coaching is becoming a profession within the legal profession. Learning to become a business development coach or to refine your coaching skills to help lawyers reach their full potential for developing business is a great career opportunity. Through LSSO's partnership with LawVision, we bring our attendees and members unparalleled opportunity for advancing their careers as business development coaches. Further, our coaching certification will provide you with the training, tools, and credentials to coach lawyers at all skill levels.

LSSO has teamed up with LawVision Group and offers classroom instruction by sales and coaching experts, accompanied by in house coaches who will provide case studies and examples of the day to day challenges and opportunities they face and discuss the methods for meeting those challenges and leveraging opportunities. Onsite programming, a live coaching session and one class follow on webinar will complete your certification.
